

wayland::proxy_t

```
graph BT; A[wayland::subsurface_t] --> B[wayland::proxy_t]
```

The diagram illustrates a relationship between two C++ classes. At the bottom is a gray rectangular box containing the text 'wayland::subsurface_t'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box above it. The white box contains the text 'wayland::proxy_t'. This visualizes that 'wayland::subsurface_t' inherits from or is a base class for 'wayland::proxy_t'.
